

WARRANTY

The maximum ventilators have a lifetime limited warranty on all material and manufacturing defects. This warranty stays in effect for as long as you own your home on which it was installed.

This warranty will not apply:

- 1) To damages resulting from failure due to improper installation of the unit or units in accordance with the printed instructions.
- 2) If the installation does not conform to our recommendations or instructions
- 3) To any damages or failure caused by abuse or accident
- 4) To damages caused by the transport, misuse or improper handling or storage of the ventilators
- 5) Any damage caused by the failure to install the ventilator using plastic cement that meet applicable CAN/CGSB or ASTM standards or failure to install in accordance with Ventilation Maximum Ltee published application instructions or good roofing practices.
- 6) Water or snow infiltrations due to improper installation of flashing
- 7) Water infiltrations (and/or condensation) due to lack of improper attic ventilation as per Building Code.
- 8) To damages due to improper drainage of the roof
- 9) To damages due to snow accumulations covering the ventilator.
- 10) Any property damage, physical injury or economic, directly or indirectly, from manufacturing defects in the ventilator
- 11) Any application of paints or of any improper cleaning solutions, coatings, harsh airborne liquid chemicals or modifications of any kind.
- 12) To damages caused by lightning, hurricanes, tornados, hailstorms, earthquakes, Acts of God, fortuitous events.

Paint and Corrosion

The Maximum Roof Ventilators are built of 24 and 26 gauge galvanize steel and have a powder baked Polyester paint finish.

Ventilation Maximum Ltee is proud to give a warranty of five (5) years on paint and corrosion.

This warranty will not apply

- 1) to scratches or dents, which may occur due to poor installation, manipulation or negligence of the unit (s).
- 2) To all corrosion which is not directly related to our material or fabrication such as; Acidic fumes which dissolves in the air through mining and industrial buildings as well as agricultural.(Pig farms, Cattle, and etc) without our written consent or specifications.
- 3) Any variation in color or shading

Conditions of this warranty

Is limited uniquely to the replacement of the parts or unit, whichever we deem necessary. All other costs such as labour, transportation, repairs, or other materials or damages other than the Maximum ventilator are not covered by this warranty.

The installation and water tightness of our products other than the product itself is the sole responsibility of the Installer. Due to uncontrollable circumstances such as the condition of the roof shingles, insulation, vapour barrier, soffits, design, air space and etc., as well as the installation, Ventilation Maximum can not guarantee the final results.

Note: Proof of purchase showing the date, name and address from whom the ventilator was purchased is essential to settle any warranty claim dispute over the length of the period of installation.
